The source "Archiv Euler" is the offline collection of the papers of the German archivist and genealogist, Friedrich Wilhelm Euler (1908 – 1995), housed in his lifelong hometown, Bensheim, 14 miles north of Darmstadt in Hesse, by his foundation, the *Institut für Personengeschichte* [Institute for the History of Individuals], which has a website in two languages, German and English, at <https://personengeschichte.de/en>. Herr Euler, the nephew of a wealthy and prominent papermaker, has a biography in the German Wikipedia. The above is from Wilbur Hanson Kalb.
